GO_Biological_Process_2021
cytoplasmic translation (GO:0002181)
nuclear-transcribed mRNA catabolic process, nonsense-mediated decay (GO:0000184)
nuclear-transcribed mRNA catabolic process (GO:0000956)
SRP-dependent cotranslational protein targeting to membrane (GO:0006614)
cotranslational protein targeting to membrane (GO:0006613)
protein targeting to ER (GO:0045047)
aerobic electron transport chain (GO:0019646)
mitochondrial ATP synthesis coupled electron transport (GO:0042775)
peptide biosynthetic process (GO:0043043)
cellular macromolecule biosynthetic process (GO:0034645)
