GO_Biological_Process_2021
antigen receptor-mediated signaling pathway (GO:0050851)
T cell receptor signaling pathway (GO:0050852)
regulation of chemotaxis (GO:0050920)
regulation of immune response (GO:0050776)
regulation of B cell proliferation (GO:0030888)
cytokine-mediated signaling pathway (GO:0019221)
positive regulation of interferon-gamma production (GO:0032729)
negative regulation of fibroblast growth factor receptor signaling pathway (GO:0040037)
dendritic cell chemotaxis (GO:0002407)
interferon-gamma-mediated signaling pathway (GO:0060333)
